NOTE TO: [redacted]

Chief, CRES

25X1

I appreciated your memorandum of 28 February concerning the proper organizational home for FICG. I am in general agreement with your observations.

However, [redacted] is only just getting underway and its considerable visibility so far has made its efforts to gain access and get involved in a number of activities easier. It has also contributed to its quick establishment in people's minds all over town as an important undertaking. Because any organizational change--such as to SOVA--could not be implemented for a number of months, any change now would be essentially a paper exercise.

25X1

Therefore, I have decided to leave [redacted]
where it is at least for a year.
